

IMPLEMENTATION SCIENCE WORKSHOP: Project proposals/presentations

1. Implementation gap: What is your implementation problem?

2. Justifications for your implementation problem:

3. Target groups and level/s of intervention:

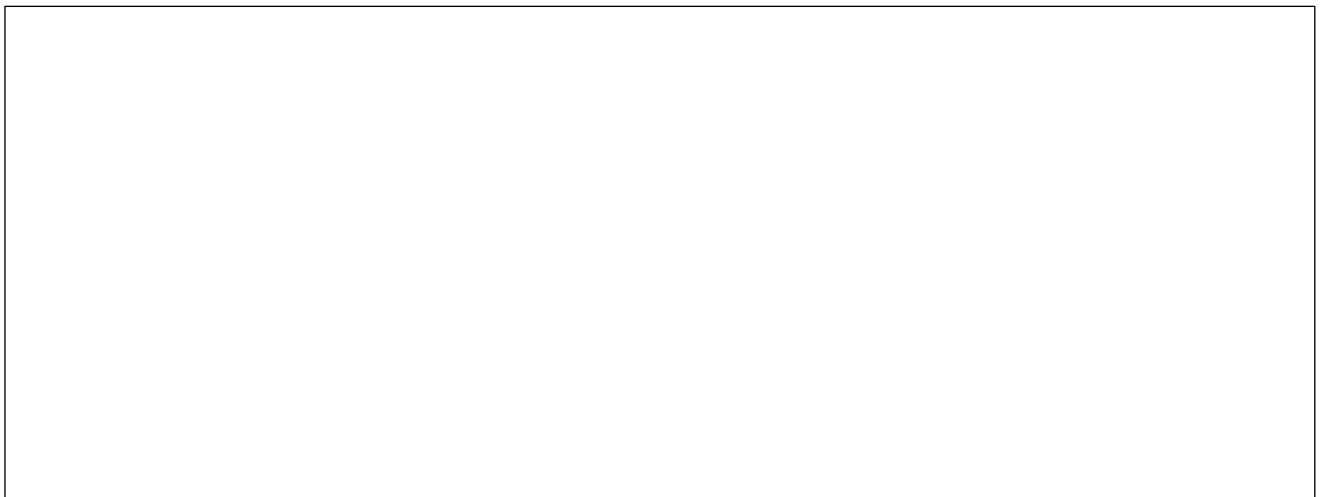

4. Key stakeholders and their roles:

5. Main study questions and study design:

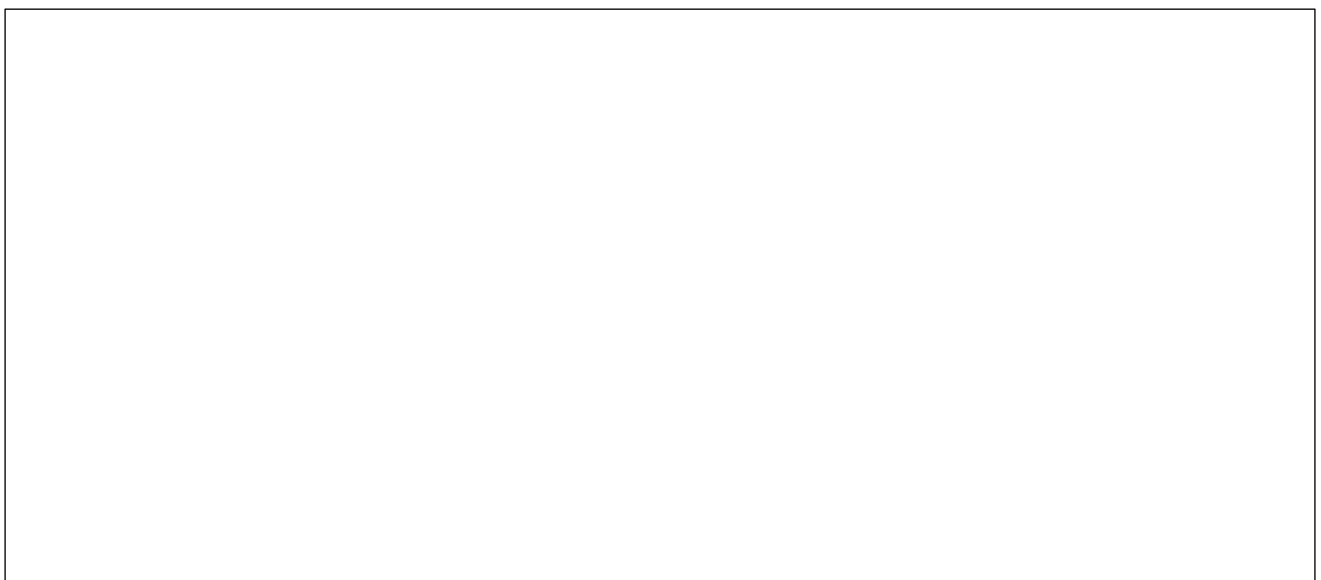

6. Theoretical framework for the study and theories/models for mechanisms of change:

A large, empty rectangular box with a thin black border, intended for the user to provide the theoretical framework for the study and theories/models for mechanisms of change.

7. Key features of intervention program

A large, empty rectangular box with a thin black border, intended for the user to describe the key features of the intervention program.

8. Evaluation framework and key measures

A large, empty rectangular box with a thin black border, intended for the user to describe the evaluation framework and key measures.
